Customer Assurance Statement

IRRADIATION POLICY

This statement refers to all food products as supplied by any of the Ingredion EMEA Companies.

Irradiation is a physical treatment of food with high-energy, ionising radiation\(^1\).

Each of the Ingredion EMEA Companies can confirm that the food products it supplies to you do not undergo irradiation treatment.

---

\(^1\) Directive 1999/2/EC concerning foods and food ingredients treated with ionising radiation, as amended
